

Frank Macchia

Emotions

featuring
The Prague Orchestra

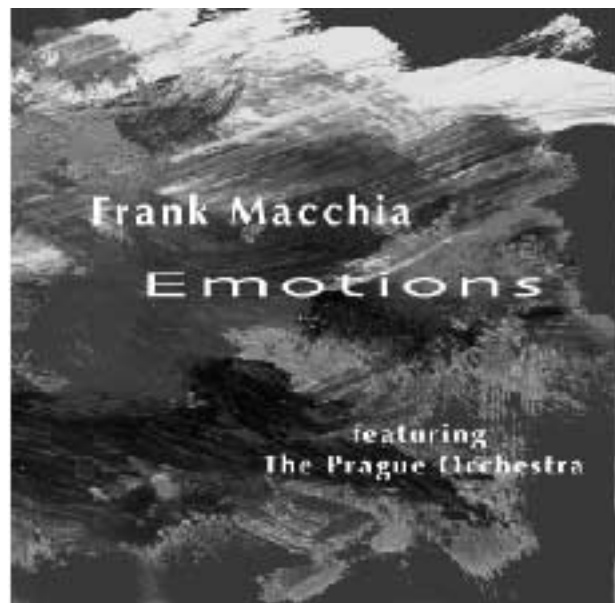

Orchestral jazz with saxophone improvisations make Frank Macchia's *Emotions* a rich and moving experience. Macchia, who has worked with Van Dyke Parks, Ella Fitzgerald, Brian Wilson, Clare Fisher, Jerry Lee Lewis, Yes, and the Tonight Show Band, has composed and orchestrated on numerous films and television shows, and was the recipient of a National Endowment Grant for Jazz Arts. *Emotions* features Frank's lush compositions and includes the four movement suite *Emotions*, a showcase for tenor sax and string orchestra, as well as other jazz compositions for saxophone and orchestra.

Jazz Magazine states "an inventive composer and arranger who deserves comparisons to Gil Evans and Pat Metheny." Macchia, who composed and produced the project, is featured on tenor saxophone, bass flute, ethnic winds & synthesizers.
